

mavlink::Message

```
classDiagram
    class mavlink_message["mavlink::Message"]
    class mavlink_common_msg_debug["mavlink::common::msg::DEBUG"]
    mavlink_common_msg_debug --|> mavlink_message
```

The diagram illustrates an inheritance relationship. A light gray box at the bottom, labeled 'mavlink::common::msg::DEBUG', has a blue arrow pointing upwards to a white box at the top, labeled 'mavlink::Message'. This indicates that 'mavlink::common::msg::DEBUG' inherits from 'mavlink::Message'.

mavlink::common::msg
::DEBUG
